

Kathy Enbom
Senior Manager

Current Position and Responsibilities

Kathy Enbom has an extensive background in regulatory compliance, marketing, and leadership, which includes significant training in developing, delivering, and implementing instructional programs. She uses this experience to enhance the consultative interaction by providing guidance and resources to assist clients in improving their overall compliance management system. Kathy's well-rounded experience in the financial services industry helped her develop a comprehensive understanding of bank operations and management, resulting in her ability to provide meaningful insight and helpful recommendations in many areas of the organization. She is committed to exceeding customer expectations in every interaction.
